D.Sc. Ph.D. Arch. Agata Zachariasz, Prof. PK

(Scientific secretary of Art and Garden Architecture Section, Polish Academy of Sciences in Cracow; Director of Department of Landscape Architecture, Cracow University of Technology)

October 22th 2020 (Thursday)

9.30 Registration of participants

10.00 Opening of the conference [simultaneous translation, tłumaczenie symultaniczne]

10.10 – 11.10 SESSION I chair: Katarzyna Hodor, Miłosz Zieliński

10.10-10.30 Michał Stangel Silesian University of Technology
Radical integration of buildings and vegetation - new perspectives, challenges and sustainability questions

10.30 Zbigniew Paszkowski, West Pomeranian University of Technology
The organized forms of green open spaces in the West Pomeranian cities

10.40 Anna Staniewska, Anna Fogel, Cracow University of Technology, Institute of Urban and Regional Development, Warsaw
How green can we go? Conflicting values in adjusting urban public spaces to climate change

10.50 Agata Zachariasz, Karolina Porada, Cracow University of Technology
Historical transformation of Cracow's city center streets and squares with greenery and contemporary possibilities of implementing blue-green infrastructure in these areas

11.00 Khadour Nebras, Al Basha Nawarah, Szent István University, Budapest
The Importance of Urban Regeneration through Cultural Heritage after Crises The Case of Bab Touma Square in Damascus, Syria

11.10 – 12.10 SESSION II chair: Urszula Forczek-Brataniec, Wojciech Bobek

11.10 Norbert Kühn, Technical University of Berlin
Historic gardens in times of climate change

11.30 Marta Skiba, Maria Mrówczyńska, Małgorzata Sztubecka, University of Zielona Góra
Methodology for the evaluation of the soundscape of the green spa areas based on multicriterial analysis

11.40 Zbigniew Myczkowski, Cracow University of Technology
A Cultural park as a form of modern protection and shaping of greenery in the city on the example of Nowa Huta in Krakow

11.50 Katarzyna Hodor, Łukasz Przybylak, Jacek Kuśmierski, Magdalena Wilkosz-Mamcarczyk, Cracow University of Technology, European Route of Historic Gardens, Museum of King John III's Palace at Wilanów
Historic gardens in the era of Covid-19

12.00 Wojciech Bobek, Cracow University of Technology
Protection of biodiversity and protection of monuments - synergy or contradiction - historic avenues in Krakow and Sochaczew

12.10 - 13.10 SESSION III chair: Anna Staniewska, Katarzyna Łakomy

12.10-12.30 Fekete Albert, Szent István University, Budapest
What makes a site? Visions for renewal of urban open spaces

12.30 Urszula Forczek-Brataniec, Cracow University of Technology
Assessment of visual values as a tool supporting the design decisions of the Cultural Park protection plan. The case of Kazimierz and Stradom in Krakow

12.40 Mate Sarospataki, Szent István University, Budapest
The potential of stairways to influence spatial and visual interaction of landscape elements in historical urban environment

12.50 Iga Grzeńskow, UTP University of Science and Technology in Bydgoszcz
Park on the Dąbrowski Hill in Bydgoszcz, as an element of the city's cultural heritage structure

13.00 Krzysztof Wielgus, Jadwiga Środulska Wielgus, Cracow University of Technology
The role of local governments and EU funds in the adaptation of former fortress greenery complexes as city districts' parks

13.10 Marzanna Jagiełło, Bogusław Wowrzcicka, Wrocław University of Technology
Greenery in cities and contemporary urban theories and ideas
Landscape urbanism, green urbanism, smart growth, green infrastructure, working landscape, space recycling

13.20 - 14.20 SESSION IV chair: Łukasz Przybylak, Urszula Forczek-Brataniec

13.20-13.40 Tony Williams, Principal Landscape Architect Transport Infrastructure Ireland
Landscape mapping and monitoring. A view to observation and reporting the Anthropogenic Landscape and time

13.40 Rafał Zieliński, Cracow University of Technology
Green areas in public space – an element revitalizing urban waterfronts

13.50 Patrycja Szabó, Szent István University, Budapest
Water features in historical environments: From symbols of power to tools of urban climate adaptation

14.00 Beata Fornal-Pieniak, Warsaw University of Life Sciences - SGGW Andrzej Długoński, Cardinal Stefan Wyszyński University in Warsaw
Urban landscape assessment for tourism aspect in a big-sized city in Poland (Example of Łódź city, Central Poland - preliminary study)

14.10 NingDongGe, Szent István University, Budapest
Sustainable water management Strategies from Historical landscape - Ganzhouancient City.China

14.20 – 15.10 SESSION V chair: Mateusz Gyurkovich, Wojciech Bobek

14.20-14.40 Carlos Marmolejo-Duarte & Belén Onecha-Pérez, Barcelona's School of Architecture (ETSAB), Technical University of Catalonia
Fostering energy-efficiency in buildings: general aspects and specific challenges in the case of the built heritage

14.40 Katarzyna Tokarczyk-Dorociak, Małgorzata Świader, Jan Kazak, Wrocław University of Environmental and Life Sciences
Cultural landscape protection in environmental impact assessments - possibilities and limitations

14.50 Kinga Racoń-Leja, Agnieszka Matusik, Cracow University of Technology
Resilient Urban Landscapes within the Context of the City Re–Construction in East-Central Europe

15.00 Maciej Żołnierczuk, Museum of King John III's Palace at Wilanów
The role of the museum in shaping the blue-green infrastructure in the cultural heritage areas of the city

15.10 – 16.20 SESSION VI chair: Wojciech Bobek, Karolina Porada

15.10-15.30 Katarina Kristanova, Faculty of Architecture and Design, Slovak University of Technology in Bratislava
Moderating the Dialogue between Nature and Culture in Cities

Determinants of the town foundation and relics of medieval fortifications, and the possibility of creating the urban greenery system (on the example of selected towns in the Opolskie Voivodeship)

15.40 Renata Stachańczyk, National Heritage Board of Poland
Historic parks from the 1960s / 1970s. of 20th century, in the vicinity of Skaryszewski Park - value and the need for modernization

15.50 Jan Rabiej, Yurij Kryvoruchko, Bogusław Podhalański, Silesian University of Technology, Lviv Polytechnic National University, Cracow University of Technology
Monastic Gardens of Athos

16.00 Małgorzata Milecka, Ewelina Widelska, University of Life Science in Lublin
Water layouts in historical greenery - the problem of revalorisation in the context of sustainable development

16.10 Jákli Eszter, Szent István University, Budapest
The role of school yards in urban ecology, on the example of Budapest

October 23th 2020 (Friday)

10.00 – 10.50 SESSION VI chair: Jan Kazak, Katarzyna Łakomy

10.00 - 10.20 Adolf Sotoca, Barcelona's School of Architecture (ETSAB), Universitat Politècnica de Catalunya
Naturban: How Barcelona planned to bring back nature to the city

10.20 Maciej Motak, Cracow University of Technology
A Krakow neighbourhood (almost) on the peninsula Natural conditioning and urban composition of the Urzędnicze Neighbourhood 1924 project in the light of its further transformations

10.30 Magdalena Wilkosz-Mamcarczyk, Barbara Olczak, University of Agriculture in Krakow
Identification and delimitation of areas in need of introducing elements of green and blue infrastructure - an approach based on the quality of space surrounded by objects of cultural heritage on the example of Krakow

10.40 Joanna Dudek-Klimiuk, Barbara Warzecha, Warsaw University of Life Sciences
Intelligent urban planning versus ecological urbanscape

10.50 – 11.50 SESSION VII chair: Miłosz Zieliński, Karolina Porada

10.50 - 11.10 Daniela Perotti, University of Louvain, UCLouvain, Belgium
Materiality, Circulations and (other) Living Things: Why does Urban Metabolism matter to Landscape Research?

11.10 Barbara Prus, Małgorzata Dudzińska, Stanisław Bacior, University of Agriculture in Krakow, University of Warmia and Mazury in Olsztyn
The influence of Flood Hazard Areas on the Activity of Residential Land Property Market in Cultural Heritage City Sandomierz

11.20 Ernestyna Szpakowska-Loranc, Cracow University of Technology
Contemporary cultural buildings as a new model of complementing the historic urban fabric – Krakow case study

11.30 Karolina Dudzic-Gyurkovich, Cracow University of Technology
Urbanization processes in the and their impact on the urban green space: the case of Młynówka Królewska Park in Cracow, Poland

11.40 Izabela Krzeptowska-Moszkowicz, Łukasz Moszkowicz, Karolina Porada, Cracow University of Technology
Evolution of the idea of sensory gardens in the public space of a large city, analysis of cases from one of the major Polish cities - Cracow and comparison with similar objects in anglosphere countries

11.50 – 12.50 SESSION VIII chair: Katarzyna Łakomy, Wojciech Bobek

11.50-12.10 Szilágyi Kinga, Szent István University, Budapest
Living heritage in the urban landscape - Case study of the World Heritage Andrassy avenue

12.10 Aleksander Filip Furmanek, UTP University of Science and Technology in Bydgoszcz
The reflections on sustainable development of the greenery around the historical center of Toruń

12.20 Przemysław Kowalski, Cracow University of Technology
Implementation of Green Infrastructure concept in planning and design scales. An example of City of Krakow, Poland

12.30 Michał Krupa, Małgorzata Lisińska-Kuśnierz, Cracow University of Technology, Cracow University of Economics

Visual perception of contemporary architecture that supplements historical development in city centres on the example of selected historic cities

12.40 Izabela Sykta, Cracow University of Technology

Chicago – the City Beautiful! Urban and eco legacy of the 1893 Columbian Exposition

12.50 – 13.40 SESSION IX chair: Katarzyna Hodor, Miłosz Zieliński

12.50 Beata Makowska, Cracow University of Technology

Sustainable Urban Complex with the Park - the SNFCC in Athens Case Study

13.00 Monika Trojanowska, UTP University of Science and Technology Gdańsk

Rise of awareness about sustainable approach to heritage of the city. Example from Polish coastline

13.10 Katarzyna Pluta, Warsaw University of Technology

Green in the townscape of contemporary city – compositional issues

13.20 Kinga Kimic, Warsaw University of Life Sciences

Monumental trees as element of environmental and cultural heritage of urban parks. Warsaw case study

13.30 Closing of the meeting
